

ARF-WL8-BS*

Wireless base sounder

The wireless base sounder allows to install a smoke, heat or multi detector on it.

FEATURES

- Bi-directional wireless communication
- Intelligent algorithms
- Sound synchronization with the same devices in the system
- 58 different tones
- 10-year battery life
- Self-optimizing wireless frequency and amplitude algorithms
- Operating temperature range: -10 °C to +55 °C

* Not certified to EN54
